

GENERATOR™ ProSacc™

Direct Fed Microbial Blend

Microbial supplement specifically designed for ruminant animals. Provides high levels of microorganisms, including rumen / intestinal origin bacteria, yeast, digestive enzymes and B vitamins.

GUARANTEED ANALYSIS (minimum per pound)

Total Microbial Count: 2.27 Trillion (2.27 x 10¹²) colony forming units

(Saccharomyces cerevisiae, Propionibacterium freudenreichii, Lactobacillus acidophilus, Lactobacillus casei, Enterococcus faecium, Lactobacillus lactis, Pediococcus cerevisiae, Bacillus subtilis, Bacillus licheniformis.)

Amylase (Aspergillus oryzae, A. niger, Bacillus subtilis):	227,000 FAA
Cellulase (Trichoderma viride, Aspergillus oryzae, A. niger):	22,700 CU
Lipase (Aspergillus niger):	650 FIP
Protease (Aspergillus oryzae, A. niger, Bacillus subtilis):	114,000 HUT
B glucanase (Trichoderma longibrachiatum):	2,600 BU
Hemicellulase (Bacillus lentus):	8,500 HCU
Pectinase (Trichoderma longibrachiatum):	10,500 BXU

INGREDIENTS

Calcium carbonate, dried Saccharomyces cerevisiae fermentation product, yeast culture, sodium silico aluminate, dried primary yeast, dried Propionibacterium freudenreichii fermentation product, dried Aspergillus oryzae fermentation extract, dried Aspergillus niger fermentation extract, dried Bacillus subtilis fermentation extract, dried Bacillus lentus fermentation extract, dried Trichoderma viride fermentation extract, dried Trichoderma longibrachiatum fermentation extract, dried Lactobacillus acidophilus fermentation product, dried Lactobacillus casei fermentation product, dried Enterococcus faecium fermentation product, dried Lactobacillus lactis fermentation product, dried Pediococcus cerevisiae fermentation product, dried Bacillus licheniformis fermentation product, dried Bacillus subtilis fermentation product, thiamine mononitrate, riboflavin, calcium pantothenate, pyridoxine hydrochloride, ascorbic acid, niacin supplement, folic acid, biotin, vitamin B12 supplement.

RECOMMENDED USES

Feed daily to all ruminants such as pre-conditioning cattle, incoming feedlot steers and weanling calves; also for high producing dairy cows, dry and transition cows, lactating goats and sheep, during ration changes, pre- and post-partum. Especially useful for rations containing lower quality forages and rations predisposing ruminants to rumen lactic acidosis.

APPLICATION / FEEDING DIRECTIONS

Feed at the following rates daily:

Pre-Conditioning Cattle, Incoming Feedlot Cattle,
Weanling Calves

4 grams / animal / day for first 7 days,
followed by 2 grams / animal / day for next 23 days,
and 2 grams / animal / day continuously thereafter.

Adult Dairy Cattle

1 oz. / cow for 7 - 10 days,
then 1/2 oz. / cow continuously.

PACKAGING

Product Code

GN-00245 7.5 kilogram pouch (4 per case)

GN-00246 50 pound bag (1 per case)
