

Generator WS™

Milk/Milk Replacer Microbial Additive

Nutritional / microbial supplement for calves. Provides daily levels of vitamins, selenium, viable microorganisms, digestive enzymes, fructooligosaccharides and specialized egg proteins.

GUARANTEED ANALYSIS: (minimum per pound)

Selenium 28 ppm **Vitamin D3** 115,000 IU

Vitamin A 320,000 IU **Vitamin E** 2,600 IU

Total Microbial Count **140 Billion CFU**

(Lactobacillus acidophilus, Lactobacillus casei, Enterococcus faecium, Lactobacillus lactis, Pediococcus cerevisiae, Bacillus subtilis, Bacillus licheniformis, Bifidobacterium bifidum, Bifidobacterium infantis, Bifidobacterium longum)

INGREDIENTS

Dextrose, inulin, selenium yeast, vitamin A supplement, vitamin D3 supplement, vitamin E supplement, thiamine mononitrate, riboflavin, niacin supplement, calcium pantothenate, pyridoxine hydrochloride, vitamin B12 supplement, biotin, folic acid, ascorbic acid, sodium silico aluminate, dried egg solids, dried Lactobacillus acidophilus fermentation product, dried Lactobacillus casei fermentation product, dried Enterococcus faecium fermentation product, dried Lactobacillus lactis fermentation product, dried Pediococcus cerevisiae fermentation product, dried Aspergillus oryzae fermentation extract, dried Aspergillus niger fermentation extract, dried Bacillus subtilis fermentation extract, dried Bacillus lentus fermentation extract, dried Trichoderma viride fermentation extract, dried Trichoderma longibrachiatum fermentation extract, choline chloride, dried Bifidobacterium bifidum fermentation product, dried Bifidobacterium infantis fermentation product, dried Bifidobacterium longum fermentation product, dried Bacillus subtilis fermentation product, dried Bacillus licheniformis fermentation product.

RECOMMENDED USES

A nutritional, digestive supplement for daily feeding to all calves on milk or milk replacer.

APPLICATION / FEEDING DIRECTIONS

Feed one pound per 100 calves daily (one small scoop per calf per day). Divide amount to be fed evenly between multiple daily feedings. Mix with milk or with milk replacer powder and reconstitute with warm (105°-120°F) water according to replacer instructions. For best results, feed entire time calf is on liquid feed.

Short term use, calves at receiving and for calves during periods of high environmental stress.

Double the feeding rate for first 7 to 10 days

PACKAGING

Product Code

GN-212 3 pound pouch (16 pouches / case)

GN-210 15 pound pouch (4 pouches / case)

GN-213 1/2 ton (50 lb bags, 20 per pallet)
