

# Gener-Lyte™

Electrolyte / Nutritional / Microbial  
Supplement for Calves

Designed to replace important electrolytes, nutrients, energy and microbial activity in calves experiencing intestinal upset. Forms a nutrient rich solution / suspension when mixed with water. Contains a source of live (viable) naturally occurring microorganisms.

## GUARANTEED ANALYSIS: (minimum per gram)

Crude Protein	12.2 %
Salt (minimum)	6.38 %
Salt (maximum)	7.65 %
Sodium (minimum)	6.13 %
Sodium (maximum)	7.36 %
Potassium	2.17 %

## Live Microbial Count: 50 Million colony forming units

(Lactobacillus acidophilus, Lactobacillus casei, Enterococcus faecium, Lactobacillus plantarum, Lactobacillus lactis, Pediococcus acidilactici, Bifidobacterium bifidum, Bifidobacterium infantis, Bifidobacterium longum, Bacillus amyloliquefaciens)

**INGREDIENTS:** Dextrose, dried plasma, sodium bicarbonate, sodium chloride, sodium acetate, potassium chloride, glycine, sodium propionate, hydrolyzed yeast, inulin, dried whole milk, dehydrated egg product, calcium propionate, dried kelp, sodium silico aluminate, vitamin A supplement, vitamin D3 supplement, vitamin E supplement, niacin, biotin, calcium pantothenate, folic acid, pyridoxine hydrochloride, riboflavin, thiamine mononitrate, vitamin B12 supplement, ascorbic acid, dried Lactobacillus acidophilus fermentation product, dried Lactobacillus casei fermentation product, dried Lactobacillus lactis fermentation product, dried Pediococcus acidilactici fermentation product, dried Enterococcus faecium fermentation product, dried Lactobacillus plantarum fermentation product, dried Bacillus amyloliquefaciens fermentation product, dried Bifidobacterium bifidum fermentation product, dried Bifidobacterium infantis fermentation product, dried Bifidobacterium longum fermentation product, flavor.

## RECOMMENDED USES:

Designed as a nutritional supplement for calves at shipping, during fluid loss, when experiencing intestinal upset, off-feed due to shipping, handling, disease, or hot weather, to reduce shrink, in conjunction with veterinary therapy for diarrhea, other times that listed nutrients, electrolytes and beneficial microbial cultures are desired.

## FEEDING DIRECTIONS:

Mix 90 grams (2 level scoops) Gener-Lyte™ per two liters warm water until suspended. Feed to animals weighing up to 250 lb., twice daily or as drench or with stomach tube. Feed milk/milk replacer at least 1/2 hour after Gener-Lyte™ feeding. Do not mix Gener-Lyte™ with milk / milk replacer. Consult veterinarian for proper drenching/tubing procedures. Discard any mixture not used immediately.

**STORAGE:** Keep closed between uses. Store in cool, dry place.

## PRODUCT CODE

GN-01252 5 Kg (11 lb.) pouch (55 feedings) (4 / case)
