

'O' Generator™ ELITE

Contains a source of live (viable) naturally occurring microorganisms.

GUARANTEED ANALYSIS: (minimum per pound)

Live Yeast Count (Saccharomyces cerevisiae):

1.6 Trillion colony forming units

Live Bacteria Count 264 Billion colony forming units

(*Propionibacterium freudenreichii*, *Lactobacillus acidophilus*, *Lactobacillus casei*, *Enterococcus faecium*, *Lactobacillus lactis*, *Pediococcus acidilactici*, *Bacillus subtilis*, *Bacillus licheniformis*)

Amylase (*Aspergillus oryzae*, *Aspergillus niger*): **320,000 units** (One unit is amount of enzyme hydrolyzing 5.26 mg of starch per hour at 40° C and pH 5.0 under conditions of assay.)

Cellulase (*Trichoderma longibrachiatum*, *Aspergillus oryzae*, *Aspergillus niger*): **64,000 units** (One unit is the amount of enzyme producing a relative fluidity change of 1 of carboxymethyl cellulose substrate per 5 minutes at 40° C and pH 4.5 under conditions of the assay.)

B glucanase (*Trichoderma longibrachiatum*): **20,000 units** (One unit is amount of enzyme producing 1 nmol of reducing sugars as glucose per second at 50° C and pH 4.8 under conditions of assay.)

Hemicellulase (*Aspergillus niger*): **160,000 units** (One unit is the amount of enzyme producing a relative fluidity change of 1 of locust bean substrate per 5 minutes at 40° C and pH 4.5 under conditions of the assay.)

Lipase (*Rhizopus oryzae*): **4,800 units** (One unit is the amount of enzyme that releases 1 micromole of fatty acids per minute at 37° C and pH 7.0 under conditions of the assay.)

Xylanase (*Trichoderma longibrachiatum*): **80,000 units** (One unit is the amount of enzyme producing 1 nmol of reducing sugars as xylose per second at 50° C and pH 5.3 under conditions of the assay.)

Protease (*Aspergillus oryzae*, *Aspergillus niger*, *Bacillus licheniformis*): **160,000 units** (One unit is the amount of enzyme hydrolyzing 1 mcg of hemoglobin as tyrosine per minute at 40° C and pH 4.7 under conditions of the assay.)

INGREDIENTS: Calcium carbonate, active dry yeast, dried *Aspergillus oryzae* fermentation extract, dried *Aspergillus niger* fermentation extract, dried *Bacillus licheniformis* fermentation extract, dried *Rhizopus oryzae* fermentation extract, dried *Trichoderma longibrachiatum* fermentation extract, dried *Propionibacterium freudenreichii* fermentation product, dried *Lactobacillus acidophilus* fermentation product, dried *Lactobacillus casei* fermentation product, dried *Enterococcus faecium* fermentation product, dried *Lactobacillus lactis* fermentation product, dried *Pediococcus acidilactici* fermentation product, hydrolyzed yeast, dried *Bacillus subtilis* fermentation product, dried *Bacillus licheniformis* fermentation product.

NOTICE:

All microbial and enzyme sources in Bio-Vet products are naturally occurring (non-GMO). No Bio-Vet products are irradiated nor are any components derived from sewage sludge. Mineral proteinates utilized in some Bio-Vet products are of plant origin and contain no animal proteins.

RECOMMENDED USES:

Feed to all ruminants such as high producing dairy cows, dry and transition cows, incoming feedlot steers, weaning calves, lactating goats and sheep, during ration changes, pre- and post-partum. Especially useful for rations containing lower quality forages or high in soluble carbohydrates.

FEEDING DIRECTIONS:

Top dress, mix in grain, soft feeds or total ration at following rates per head daily:

Dairy Cattle -- All top-dressed lactating cows = 1/2 ounce;

- Lactating cows greater than 70 pounds daily production or less than 150 days in milk = 1/2 ounce;
- Lactating cows less than 70 pounds daily production and greater than 150 days in milk = 1/4 ounce;
- Transition cows (approximately 14 days pre-partum to 7 days post-partum) = 1 ounce;
- Short term production challenges = 1 ounce for 7 to 10 days.

Calves (milk fed and weanling) = 1/8 - 1/6 ounce fed with grain ration

Growing Cattle, Adult Beef Cattle, Small Ruminants (sheep, goats) = 1/4 ounce

STORAGE: Keep covered between uses. Store in cool, dry place.

PRODUCT CODE

OG-00525 50 pound bags (1 / case)

OG-00525 1 ton per pallet (40 bags, 50 pounds each)
