

**Nutritional / microbial supplement for all cattle over 500 pounds body weight.
Contains a source of live (viable) naturally occurring microorganisms.**

GUARANTEED ANALYSIS: (minimum per capsule)

Copper	30 mg
Selenium	2 mg
Zinc	150 mg
Iron	75 mg
Manganese	75 mg
Vitamin A	500,000 IU
Vitamin D3	75,000 IU
Vitamin E	2,000 IU
Niacin	6,000 mg

Live microbial count: 24 billion colony forming units

(*Propionibacterium acidipropionici*, *Lactobacillus acidophilus*, *Lactobacillus casei*, *Enterococcus faecium*, *Lactobacillus lactis*, *Pediococcus acidilactici*, *Saccharomyces cerevisiae*)

INGREDIENTS:

Niacin, vitamin A supplement, vitamin D3 supplement, vitamin E supplement, biotin, calcium pantothenate, folic acid, pyridoxine hydrochloride, riboflavin, thiamine mononitrate, vitamin B12 supplement, ascorbic acid, selenium yeast, zinc amino acid complex, organic dried kelp, ferrous glycine, manganese amino acid complex, dried *Aspergillus oryzae* fermentation extract, dried *Aspergillus niger* fermentation extract, dried *Bacillus licheniformis* fermentation extract, dried *Rhizopus oryzae* fermentation extract, dried *Trichoderma longibrachiatum* fermentation extract, hydrolyzed yeast, copper amino acid complex, active dry yeast, dried *Propionibacterium acidipropionici* fermentation product, dried *Lactobacillus acidophilus* fermentation product, dried *Lactobacillus casei* fermentation product, dried *Enterococcus faecium* fermentation product, dried *Lactobacillus lactis* fermentation product, dried *Pediococcus acidilactici* fermentation product, choline chloride.

NOTICE:

All microbial and enzyme sources in Bio-Vet products are naturally occurring (non-GMO). No Bio-Vet products are irradiated nor are any components derived from sewage sludge. Mineral chelates utilized in some Bio-Vet products are of plant origin and contain no animal proteins.

RECOMMENDED USES:

A nutritional, microbial supplement for cattle with sluggish appetite at calving, shipping, during hot weather, major feed changes, in conjunction with veterinary therapy, for off-feed cattle, or any time listed nutrients or microbials are desired.

FEEDING DIRECTIONS:

Capsules fit standard cattle balling guns. Open capsule contents onto feed, mix with grain, or place capsule directly inside cow's mouth by gently inserting balling gun to base of tongue.

One capsule once or twice daily for up to three days to cattle weighing over 500 pounds.

CAUTION:

Contains selenium. Use caution when using this product in addition to other feedstuffs containing selenium.

PRODUCT CODE

OG-00502 40 capsules per jar (12 jars / case)

OG-00552 128 capsules per box (4 boxes / case)
